

Transform supplier relationships by establishing procurement standards and management processes that significantly reduce workforce costs.

VENDOR MANAGEMENT SYSTEM

ACCELERATIONVMS

FEATURES

- Automated Requisitioning
- Advanced Conceptual Search
- Relevancy Ranking
- Rate and Spend Analysis
- Compliance and Control
- Robust and Flexible Reporting
- BANG! Business Analytics for the Next Generation
- Self/Full Service Options

STREAMLINE TALENT

Access From Anywhere - On-demand access enables you to manage the entire talent acquisition processes from multiple locations and geographies

1, 2, 3 Requisition - Create requisitions in just three easy steps using customizable drop-down values and pre-defined templates

Total Integration - Streamline processes and system communication with integration protocols that communicate with your existing internal systems

CONTROL SPEND

Rates Control - Set maximums, caps, and/or rates for specific job descriptions and capture rate data for verification and analysis

Time Sheets and Expenses - Workers enter time sheets and expenses online for a real-time view of contingent labor costs that helps you control spend and manage budgets

Create Competition - Requisitions are transmitted to qualified suppliers simultaneously with a vendor-neutral fulfillment option that encourages suppliers to offer value-driven rates

MANAGE SMARTER

Track Approvals - Facilitate multi-level approvals for individual requisitions, specific requirements and engagements with alerts and calls to action that keep hiring managers up-to-date

Evaluate and Optimize - Gather performance data on suppliers, order fulfillment, cycle time and compliance to increase efficiencies and improve outcomes

Single Application - Create requisitions, manage your suppliers, keep track of timekeeping and access invoicing from one, easy-to-use application

Accurate Invoicing - Automate management of pay policies, taxes, management fees, discounts and other contract-specific requirements

About AgileOne

Go beyond traditional workforce programs with a consultative partner able to manage your entire, end-to-end talent lifecycle. From cutting-edge technologies to award-winning services, AgileOne has the resources to provide true total talent management. Minority/woman-owned, with operations in nearly 20 countries around the globe. One World. One Workforce. One provider: AgileOne.

ILLUMINATE LABOR

Know Before You Hire – Create cost projections based on time, length, work hours and bill rate that estimate the financial impact of positions before the requisition is created

Robust Reporting – Over 100 standard and ad hoc reports enable management to continually measure and evaluate the effectiveness of the program

Executive Dashboards – Gain visibility into program functionality, pay rates, spend by type and assignment activity

BANG! – Business Analytics for the Next Generation (BANG!) software provides the actionable data you need to make long-term, strategic decisions

ACCELERATIONVMS HIGHLIGHTS

Scalable and Configurable – Our flexible configuration supports individual department or enterprise-wide talent acquisition management to plug and play with existing screening, billing, HRIS and ERP systems.

Seamless Implementation – Dedicated teams and detailed plans ensure new technologies are executed with no interruption to your work flow and in phases that make sense to your organization.

Training and Support – Reference manual and dedicated help desk are available to support your staff through every step of the process including customized manager and vendor training supported by robust online guides and tutorials.

Dynamic Reporting – Get real-time, visual overviews of end-to-end program metrics with executive dashboards or on-demand custom reports.

Security – Data is protected with a multi-layered security approach that leverages unique databases, encryption, password-protection and an effective restore and back-up systems.

Global Reach – Accommodate foreign and domestic recruitment needs including local languages, tax laws, pay policies and recruitment process requirements.

Tailored Options – Incorporate additional AgileOne technology and service modules to create a total workforce solution that can adapt to your changing needs.

AccelerationVMS automates the entire temporary and project worker lifecycle; requisitioning, sourcing, selecting, on-boarding, managing and off-boarding. Gain visibility and control of your human capital with a centralized, web-based system that reduces costs, improves candidate quality and optimizes efficiency.
